DOC. MICRO. SIZ.

1. We have checked [] (on 5 March) on his present connections with Harry MAST. He reports that his contact with MAST (which ran through his employee, KARTEL) broke some months back when MAST moved from Linz to an unknown site in the Tyrol. He had no news on MAST's current activities but stated that he had heard that MAST was flat broke.
2. We agree with your views on the thinness of the "VOeST Intelligence Service" cover—most improbable. We have heard nothing of such a service from any other quarter.
3. We find one Johann MAST (presumed identical with Harry's son) on page 296 of the 1953 Almanach der Österreichischen Bundesgendarmerie, listed as Vertragsbedienstete des Gendarmeriedienstes, Landesgendarmerie Kommando, Innsbruck.
4. We have no information pertaining to other facets of reference.
